

Jag har
hört er säga
plus ibland.
Vad betyder det?
Har det med
femkompisar
att göra?

LÄRARBILD: SKÖLDPADDAN UNDRAR OM PLUS

Jag fattar!
Jag kan se
en fyra och en trea
i femman,
så fyra plus tre är fem.

Det finns tal i femman,
men jag tror att man
kan bygga andra tal med
femmor också.

Nä, det kan väl
inte gå ...

LÄRARBILD: HAREN OCH SKÖLPADDAN PRATAR OM FEMMAN

Åh, jag visste
det hela tiden.

Femmor är så bra!

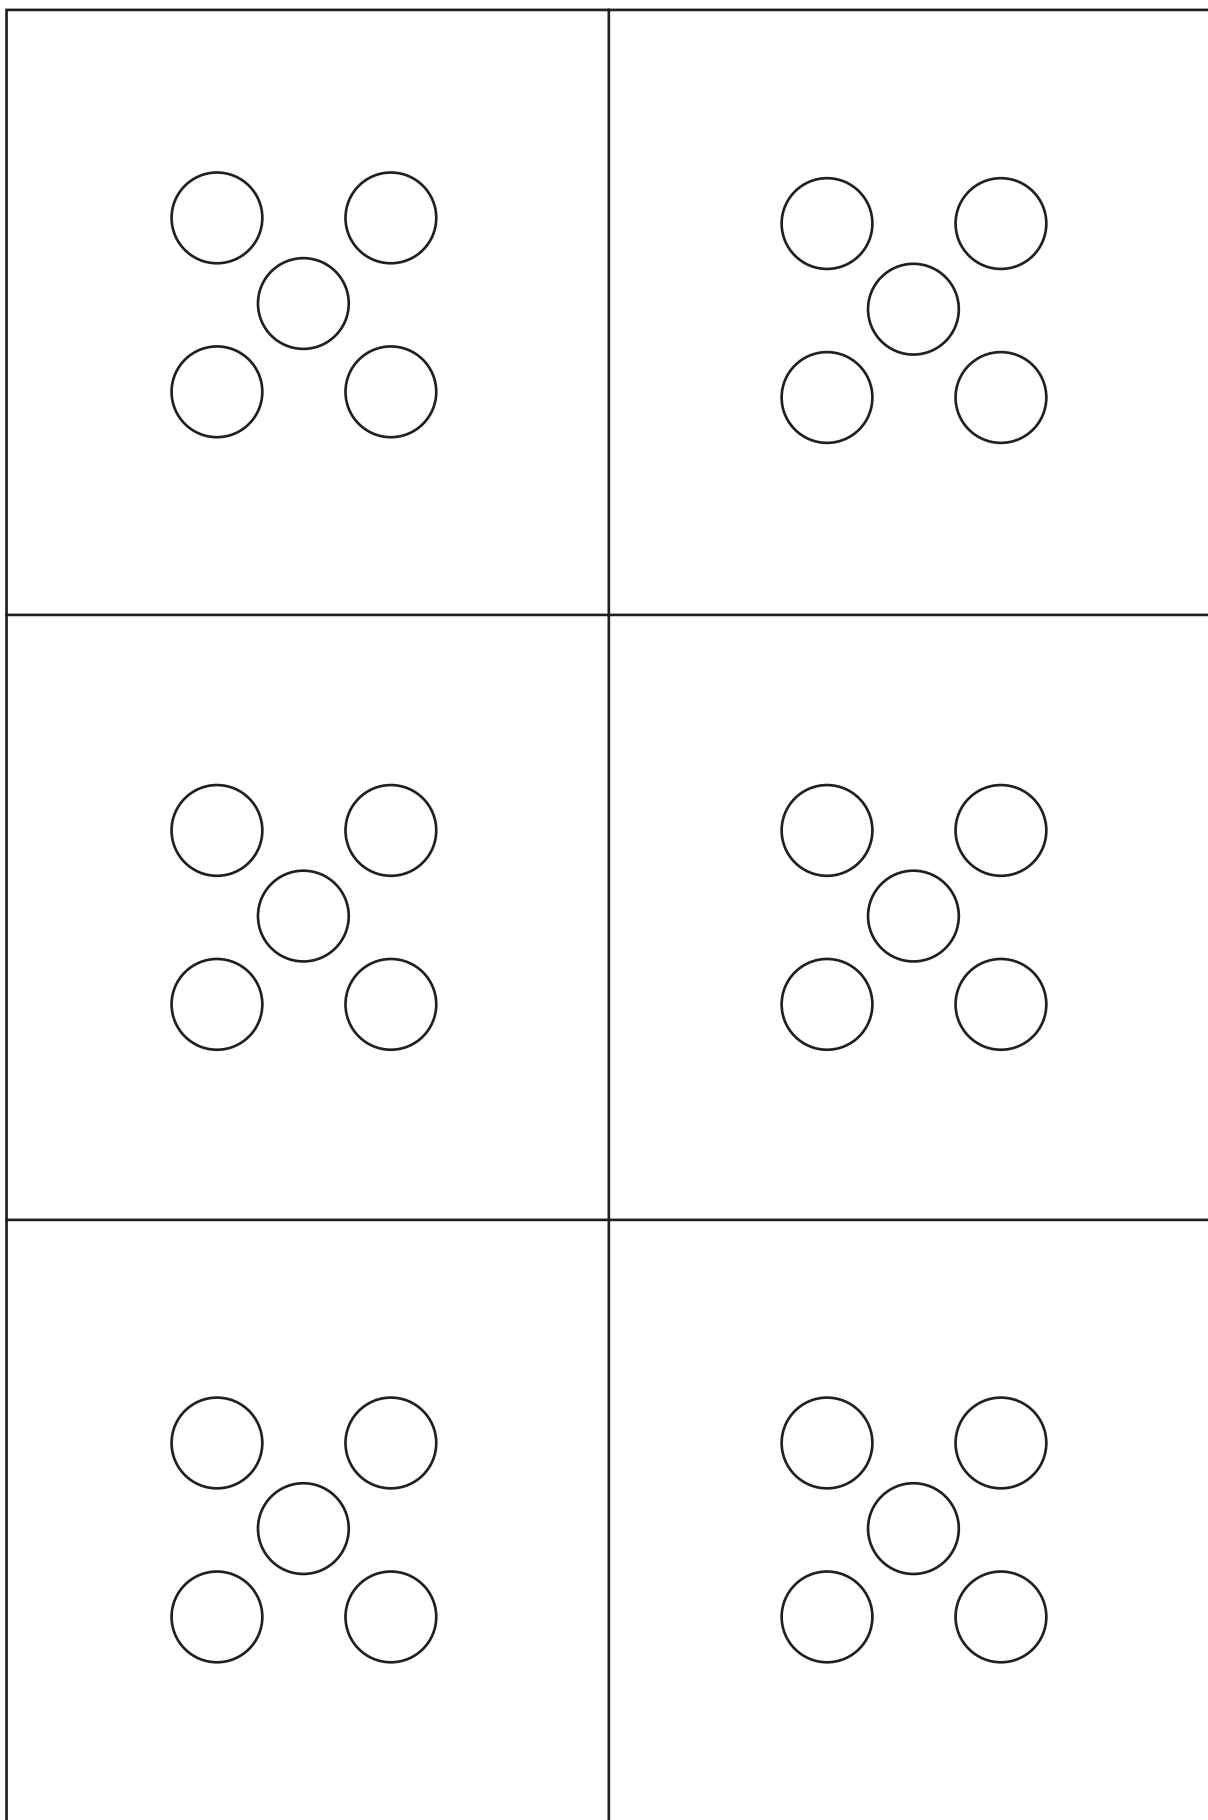

Jag önskar att jag
hade femmor med
mig jämt.
